

Three Off-Plan Opportunities Built for Growth & Yield

A curated shortlist matched to your investment brief —
selected for capital appreciation potential and strong
rental returns in Dubai's highest-momentum districts.

BUDGET

AED 600,000

TARGET NET ROI

~10% annually

INVESTMENT GOAL

Capital Appreciation + Yield

PROPERTY STAGE

Off-Plan

SHORTLIST OVERVIEW

Selected for Growth, Yield & Liquidity

Each option below was selected from Dubai's top-performing investment districts, balancing entry price, projected rental yield, and area-level appreciation drivers — giving a clear path toward a ~10% combined annual return.

OPTION 01 · HIGHEST APPRECIATION POTENTIAL

Azizi Venice

Dubai South — near Al Maktoum International Airport & Expo City

~9–10%
EST. ANNUAL ROI

DEVELOPER

Azizi Developments

PRICE RANGE

From AED 480,000 (studio / 1BR)

PAYMENT PLAN

50/50 — 50% during construction, 50% on handover

LAYOUT

Studio & 1-Bedroom waterfront apartments, ~370–650 sq.ft

HANDOVER

Q1 2026

YIELD PROFILE

Net rental yield 7.5–9.2%

Why it stands out — Sits inside the \$35B Al Maktoum Airport expansion zone, which is reshaping Dubai South into a major residential and logistics hub. Early-stage entry pricing here carries the strongest long-term appreciation story on this list, alongside a genuine waterfront lifestyle draw for tenants.

OPTION 02 · BEST BALANCE OF YIELD & LIQUIDITY

~9%

Aria Heights

EST. ANNUAL ROI

Jumeirah Village Circle (JVC), Dubai

DEVELOPER

SRG Properties

PRICE RANGE

From AED 576,000 (studio / 1BR)

PAYMENT PLAN

45/55 — 45% during construction, 55% on handover

LAYOUT

Studio & 1-Bedroom contemporary apartments, ~400–700 sq.ft

HANDOVER

2026 (per developer schedule)

YIELD PROFILE

Net rental yield 7.5–9.2%

Why it stands out — JVC is Dubai's most liquid mid-market community — over 130 active projects and 60+ developers create constant resale and rental demand. This is the easiest of the three to exit or re-let quickly, while still delivering near-double-digit yields.

OPTION 03 · HIGHEST RENTAL YIELD

~10%

Reportage Verdana 8

EST. ANNUAL ROI

Dubai Investments Park (DIP), Dubai

DEVELOPER

Reportage Properties

PRICE RANGE

From AED ~420,000–580,000 (studio / 1BR)

PAYMENT PLAN

Flexible developer plan — typically 20% down, balance during construction & on handover

LAYOUT

Studio, 1 & 2-Bedroom apartments + townhouse options

HANDOVER

2026–2027 (per developer schedule)

YIELD PROFILE

Gross rental yield 9–10%

Why it stands out — DIP delivers some of Dubai's highest gross yields, fueled by constant tenant demand from its free-zone workforce, universities, and the upcoming Metro Blue Line extension. The strongest pure income play of the three, with appreciation upside as the metro link nears completion.

AT A GLANCE

PROJECT	AREA	ENTRY PRICE	PAYMENT PLAN	EST. ROI
---------	------	-------------	--------------	----------

Azizi Venice	Dubai South	From AED 480,000	50/50	~9–10%
Aria Heights	JVC	From AED 576,000	45/55	~9%
Reportage Verdana 8	DIP	From AED ~420,000	20% down + balance plan	~10%

Figures shown are estimates based on publicly available market data as of June 2026 and are intended for discussion purposes only. Pricing, payment terms, and yields vary by unit, developer offer, and market conditions at the time of booking — final terms should be confirmed directly with the developer prior to reservation.
